

Beaver Creek School District #26
4810 E. Beaver Creek Rd. Rimrock, Az 86335
928-567-4631
Allie Wheeler Superintendent/Principal

5/1/25

Beaver Creek School District is accepting quotes for propane delivery services and sales for the upcoming fiscal years of 2025/2026 and 2026/2027.

There are currently 8 tanks located on site at Beaver Creek School which are not owned by the district. The vendor chosen will be required to supply & install the following tanks:

Gym: 1000 gal
700/800 bldg: 1000 gal
Bus Barn: 250 gal
Manifolded tanks 1-2: 1000 gal each
Manifolded tanks 3-5: 1000 gal each

The district requires that tanks will be filled if they reach 30% unless directed by the district not to fill the tank. Prices submitted will be a fixed rate over LDC for a period of two years beginning July 1st, 2025-June 30th 2027.

Prices quoted shall include all propane, handling, travel, taxes, set-up and take down of tanks, and tank rental fees for the propane. The district's annual consumption of propane for fiscal year 24/25 was 11,541 gallons. Pricing will include the LDC cost plus a set fixed rate over LDC.

The chosen vendor will be required to install electronic tank monitors and provide a web based link to the monitors for school staff to read propane levels from a computer.

Annual pressure & leak tests are required to be conducted every spring on all tanks accompanied by a written report of the findings to satisfy the inspection requirements of several agencies.

Cost, geographic proximity to the school site and previous trade relationships will be determining factors for quote acceptance.

If interested, please complete and return page 2 no later than June 1st, 2025. No verbal quotes will be accepted.

For questions contact Karen DuFresne at 928-567-4631.

PROPOSAL

LDC cost date: _____ = \$ _____ + fixed rate over LDC \$ _____ = \$ _____ per gallon.
(Example: LDC date 4/30/25 = \$1.3847 + fixed rate over LDC \$0.30 = \$1.6847 per gallon)
